As we roll into the final days before Christmas, we're taking a moment to step away from our sewing machines to bring you something a little different – something we hope might become a new tradition for the holidays. We wrote a little story and designed a pretty book to go along with the adorable illustrations from *Lil' Rascals by Chole's Closet*— a 2011 fabric collection from Moda that we used a number of years back for a Storybook Bedroom project series (project links below). We offer the book below as a free download. Reading with the children in your life is one of the very best experiences you can give them... *and yourself!* We hope you enjoy sharing the adventures of Lil' Benny, who loses his blanket but finds some very special friends.

### **Download The Book: Benny Loses His Blanket**

We created our book as a .PDF file. Click the image below to download. You will need Adobe Acrobat Reader DC, which is a free program.

We've minimized the file size, but please be patient with the download process. In addition, make sure you have the *latest version* of Acrobat Reader DC, and the latest version of your printer driver. Adobe does always recommend a re-start of your computer with any update.

If you are experiencing printing issues, you can try the *Print as Image* option in your printer's browser window. This option is often under the *Advanced* tab. You can also save the downloaded PDF to your computer and print from there.
